Section Two: Vendor Terms and Conditions

2.1 Acceptable Business Practices

Belk values its relationships with vendors and business partners, and would like to be clear on practices that could violate the Belk Code of Ethics. The following requirements and prohibitions are supplemental to those set forth in the Code of Conduct (as hereinafter defined).

Belk Gift Policy Belk associates may not accept anything of value, directly or indirectly, from anyone currently doing business with or seeking to do business with Belk, other than non-cash gifts of nominal value generally used for promotional purposes. For purposes of this gifts policy "nominal value" means not more than \$50 in value at cost. Gifts received of greater than nominal value will be returned immediately to the donor or donated to a charity. Belk associates may not accept gifts of cash or cash equivalent such as gift cards for any reason.

Loans Belk associates may not accept loans from any persons or entities having or seeking business with Belk except from recognized financial institutions at their normal prevailing interest rates for individual borrowers at the time of borrowing.

Bribes and Kickbacks Any offers or exchange of direct or indirect payments, or kickbacks in exchange for Belk business is a violation of policy and prohibited. The violation of this policy may also be a criminal act and result in criminal prosecution.

Fair Competition Belk bases its business success on excellent customer service, value for the customer, quality, good faith, and fair dealing. It is never Belk's intent to receive an advantage over competitors in any unethical manner or in ways that would violate international, federal, state, or local laws.

Reporting Fraud or Unethical or Illegal Business Practices Please report any suspected fraud or unethical or illegal business practices, including questionable accounting or improper use of confidential information or property to the Belk Excel Line (1-800-622-3986). The Excel line is monitored by an independent third party service operating 24 hours, 7 days a week. These concerns may be reported anonymously, will be treated confidentially, and will be reviewed by Belk Management. These policies help ensure relationships of integrity, honesty, and fairness with all vendors and business partners.

2.2 Code of Conduct

Every factory must sign and return the Belk Private Brands Code of Conduct. Failure to comply with this requirement will cause the factory to be ineligible for Belk production.

It is important that Belk Private Brands vendors place business on behalf of its consumers and stockholders with suppliers and supply chain partners (collectively, "Suppliers") whose practices are compatible with Belk's brand values. Therefore, in accordance with these values the Belk Private Brands Code of Conduct (the "Code of Conduct") aims to achieve compliance with certain social, legal, human rights and environmental standards. By acceptance of the Belk Purchase Order, Belk Private Brands vendors are, within their scope of influence, committed to acknowledge the social, legal, human rights and environmental standards laid down in this Code of Conduct and take appropriate measures within their company policy for their implementation and compliance by their Suppliers. Belk Private Brands vendors must, in addition, cause their Suppliers to ensure that the Code of Conduct is also observed within their own supply chains involved in production processes carried out on behalf of Belk.

This Code of Conduct outlines the basic requirements that all Belk Private Brands vendors must meet in order to do business or continue to do business with Belk.

Management Systems

Suppliers shall define and implement a policy for social and human rights accountability and the appropriate management systems shall be in place to ensure that the Code of Conduct can be followed and is being followed. All supplier employees shall have access to this Code of Conduct. It shall also address employees' concerns of non-compliance with this Code of Conduct.

Prohibition of Conflict Minerals Usage

Suppliers shall abide by Section 1502 of the Dodd-Frank Act required by the Securities and Exchange Commission (SEC), with best practices of having conflict mineral policies, due diligence frameworks and management systems consistent with the Organization for Economic Cooperation and Development (OECD) guidelines. Belk may request of its suppliers written evidence of this due diligence documentation, including formal certifications and policies.

2.2.2 Sustainability

Supplier must comply with all applicable local, U.S. and international laws, rules, regulations and standards including U.S. regulations prohibiting the use of ozone depleting chemicals (hydrochlorofluorocarbons) and the International Trade in Endangered Species of Wild Fauna and Flora, as listed in the United States Endangered Species Act of 1973, as well as any modifications or amendments to these laws, rule regulations and standards.

Supplier shall establish and maintain an updated list of all chemicals, including the name of the chemical product, the purpose/area of use and a reference to an MSDS (Material Safety Data Sheets) used in production, operations and maintenance.

The workers that purchase, store or handle and use chemicals must have the right competence and adequate training before start work. Records of the training shall be kept by the Supplier including the names of participants, date of the training and an overview of the training content. Chemicals shall be stored, handled and transported in a way that prevents emissions to air, ground and water, prevent risks of ignition/explosion and ensure workers health and safety. Applicable information regarding the risks and safe handling of chemical compounds and substances shall be displayed at storage areas and in operations areas where the chemical is used. All containers of chemicals, including temporary containers, shall be properly labeled with appropriate danger symbols and chemical names to ensure that the contents are known and the potential risk minimized.

Fire Prevention

Supplier shall ensure compliance with applicable laws and regulations relating to fire protection including fire classification, reporting, and inspections by the fire authorities. Corrective actions from such inspections shall be documented and completed within set timeframes. Supplier must document any fires and serious incidents that can cause a fire, including corrective and preventive actions. If required by law, a report shall be sent to the authorities.

An adequate number of workers must be trained to use the firefighting equipment in each work area, covering all shifts. Records of the training shall be kept by the Belk supplier including names of participants, dates of the training and an overview of the training content. All workers shall be made aware of basic safety issues before starting work through introductory training. Supplier shall have the appropriate firefighting equipment. Placement and maximum distance between fire extinguishers shall comply with applicable laws and regulations and/or specific approvals from the fire authorities. The firefighting equipment shall be easily accessible and identifiable, also from a distance. It shall be maintained, kept unlocked and inspected at least every 12 months.

The alarm shall be able to be manually activated and shall after activation evoke a continuous signal by itself. The alarm button shall be clearly marked and function also during power-outages. Supplier shall perform evacuation drills at least once in every 12 months. These drills shall involve all shifts and departments and as many workers as possible. In case of an evacuation, Supplier shall ensure that designated persons are responsible for performing a head count to ensure all workers have evacuated the building. Records of evacuation drills shall be maintained.

2.2.3 Terms of Implementation

All Private Brands vendors shall cause their Suppliers to post the Code of Conduct in places in their factories readily accessible to workers, translated into the language of the workers and supervisors and communicate these provisions to all workers. All Private Brands vendors and their Suppliers shall take appropriate steps to ensure the provisions of this Code of Conduct are communicated to all workers. Upon employment, as part of worker orientation, the Code of Conduct shall be presented to workers and explained to them. From time to time Belk Private Brands vendors shall periodically review the Code of Conduct with workers. All Suppliers are obliged to take the measures necessary to implement the Code of Conduct.

2.2.4 Consequences of Non-Compliance

Suppliers must apply these principles at all times and must be able to demonstrate that they are doing so. However, if a supplier fails to meet the requirements of the Code of Conduct Belk and/or our representatives will work with the supplier to establish the necessary improvements. We will also take action which may involve cancelling contracts and ceasing trade, if suppliers are not prepared to make appropriate changes. If no solutions can be agreed upon and implemented within a reasonable amount of time, Belk and/or our representatives may choose to halt current production, cancel corresponding contracts, suspend future contracts and/or terminate the business relationship with the noncompliant supplier. If an audit reveals less than full compliance with the Code of Conduct, the supplier must take the prescribed corrective actions without delay. The period of time the supplier has to implement corrective measures will be agreed upon with Belk and/or our representatives and will correspond to the severity of the violation, but may not exceed twelve months. If a supplier excluded in the past on grounds of noncompliance can later show full compliance with the Code of Conduct, there is, in principle no reason why a business relationship cannot be resumed.

2.2.5 Declaration

Declaration of Liability Regarding compliance with the Belk Code of Conduct

We, the undersigned hereby confirm:

- That we have received and understand the Code of Conduct.
- That we are aware of all relevant laws and regulations of the country or counties in which our company operates.
- That we will inform Belk in case of conflict between provisions of the Code of Conduct and any applicable laws or regulations in our countries of operation.
- That we will observe and conform to the Code of Conduct in its entirety based on a development-oriented approach and without amendment or abrogation.

Furthermore:

- We shall notify Belk on behalf of Belk of the location of all business premises used for the production of goods and/or delivery of services for Belk. We guarantee that the production of goods and/or delivery of services for Belk is carried out exclusively at the locations we have indicated. We understand that failure to inform Belk of the location where work for its products and/or services are carried out is adequate justification for the immediate and unconditional termination of all business and contractual relationships.

- We will use the Code of Conduct for purposes relating to business and monitoring activities on behalf of Belk.

2.3 Confidentiality

Belk has developed certain confidential and proprietary information, including but not limited to, trademarks, patentable inventions, financial statements, financing documents, business plans, trade secrets, new products, copyrights, and computer software, documentation, and specifications. The vendor agrees not to disseminate Belk confidential information to anyone except its employees and consultants who are directly involved in this vendor/ retailer relationship. The vendor agrees to hold any employee or consultant to whom Belk confidential information is transmitted to be bound to the same obligations of secrecy and confidentiality that the vendor is bound.

2.4 California Proposition 65 – Private Brands Products

California’s Proposition 65 (also known as the Safe Drinking Water and Toxic Enforcement Act of 1986) requires most businesses to give a “clear and reasonable warning” to individuals in the state before knowingly and intentionally exposing those individuals to significant levels of a chemical on the state’s list of known carcinogens and reproductive toxins. There are currently over 900 chemicals listed under Proposition 65.

Belk’s requirements for Proposition 65 warnings following recent revisions to the warning regulations, which will take effect on August 30, 2018. More information is available at

<http://oehha.ca.gov/proposition-65/cnr/notice-adoption-article-6-clear-and-reasonable-warnings>.

Key changes include:

- Warnings must now identify at least one chemical in the product associated with the toxicological endpoint (cancer or reproductive harm) for which the warning is being given. Truncated warnings without reference to the chemicals may be used on product labeling and may be provided online only if the product is labeled with such warnings.
- Warnings must include a warning symbol () and link to OEHHA’s Proposition 65
- information page: www.P65Warnings.ca.gov.
- Specific warning methods and messages are required for certain product types, including furniture.

If Belk is selling online any of a Supplier’s products that require or are labeled with a Proposition 65 warning, Supplier must provide Belk with the warning language to be used for such online sales. Inspection, approval, or assistance by Belk of the Supplier warning does not relieve Supplier’s obligation to comply with Proposition 65 and your duty to defend, indemnify, and hold harmless Belk if the compliance of the Supplier’s products is challenged.

Population of the Prop 65 Attribute must be done in OpenText Catalogue. There are two Prop 65 attributes, the existing Yes/No attribute (Proposition 65 Warning, Y/N) and the new text field description attribute (Proposition 65 Warning Description). For new GTINs, if the Y/N attribute is set to Y, Catalogue will require the description attribute to be set. Existing GTINs with the Y/N attribute already set will require the description attribute if they are edited in any way.

Please direct any inquiries and any warning labels with respect to Proposition 65 to Product_Integrity@belk.com.

- If an order is cancelled or returned for any reason, all Belk price stickers and/or hangtags must be immediately removed from the merchandise. Should the merchandise be resold by vendor, it must bear no Belk markings, tags or identification.

Section Six: Product Preparation

6.1 UPC Merchandise Ticketing Standards

All merchandise, whether for stores or for eCommerce, must have a merchandise ticket attached to the product that includes the UPC barcode, human readable UPC, merchandise description, and the retail price. The UPC code must be visible and easily accessible for scanning. Belk requires GS1 standards for ticketing, and recommends that vendors use one of our preferred ticketing partners (RPac, WFL, or Avery Dennison). If you are requesting specific information on ticketing such as group name on tickets, please reach out to your Belk Merchant Team.

- Merchandise tickets are to be printed on plain white pressure sensitive tickets and printed with non-smearable black ink. The ticket should be approximately 1.5" wide by 2.5" long.
- Stickers should be appropriately sized for the merchandise.
- The retail price, as stated on the Belk purchase order, must be placed in "zone 6" or "zone 7" of the standard UPC ticket using an 18-point, bold font. The Belk preferred format is \$79.00. Do not use 'MSRP' or 'suggested retail price' on the merchandise ticket.
- Follow the GS1 industry standard for merchandise ticket placement. The GS1 standard can be found at:
https://www.gs1us.org/DesktopModules/Bring2mind/DMX/Download.aspx?command=core_download&entryid=432&language=en-US&PortalId=0&TabId=134
- For garments with heat seals, the hang tag should be placed in the left shoulder seam.

- For garments with heat seals that do not have a back neck or shoulder seam, the hang tag should be placed in the left side seam.

- Attach UPC tickets so that the merchandise will not be damaged. UPC tickets should be securely attached to the merchandise by plastic swift-attach devices or by attachment to sewn on labels. If it is impractical to use either of these two methods of attachment for merchandise, tickets can be attached using a loop-lock attachment device (handbags), rat tail (sunglasses) or with an adhesive backed ticket (china, glassware, etc.). Do not loop strings around buttons or use strings attached with pins. When using an adhesive backed ticket, be sure that the ticket and adhesive can be easily removed from the merchandise and will not damage the merchandise.
- For two-piece garments, mark the top garment with a full detail ticket (to include the UPC) and mark the bottom garment with a second ticket that includes the Product ID (PID) and size. Both tickets should state that this is a two-piece garment.
- For store orders, merchandise sold by the unit but packaged in multi-packs will require a UPC merchandise ticket to be attached to each individual selling unit as well as the outside of the carton. For example, glasses packed four to a carton but sold by the glass would require that a UPC price ticket be attached to each glass as well as having four UPCs attached to the outside of the carton.
- Fine Jewelry vendors should refer to section 6.7 for ticketing instructions for Fine Jewelry merchandise
- Vendors should scan test their own UPC tickets.

Below are suggested formats for merchandise tickets and stickers:

6.2 Hanger Requirements

Belk requires vendors to ship merchandise on floor ready hangers per the GS1 industry standard (formerly referred to as the VICs industry standard).

- For store orders, please confirm with Belk Buyer if merchandise is to be shipped on a hanger or if it is to be shipped flat.
- For all eCommerce / store 888 purchase orders, product should be shipped folded flat inside a polybag, unless it is listed as hanging in Appendix D.
- All hangers must conform to the GS1 hanger standards by product category. Please see Appendix B.
- With the exception of suits, all two-piece garments must use both a top and a bottom hanger connected by the coordinate loop.
- Belk requires black matte hangers on all products except where noted in Appendix B.
- See Appendix B for specifications regarding hangers that require sizars.
- The choice of hanger resource is at the discretion of the vendor.

- Do not use a foam padding piece on bottom hanger.

For more information on hanger requirements by department, please see Appendix B as well as below GS1 floor ready hanger link.

https://www.gs1us.org/DesktopModules/Bring2mind/DMX/Download.aspx?command=core_download&entryid=383&language=en-US&PortalId=0&TabId=134

Merchandise that will be displayed folded on tables or in cubes, must have a clear plastic "size strip" or "size sticker" indicator.

- Confirm with Buyer if merchandise will be displayed folded in store.
- Folded merchandise must have a clear "size sticker" or "size strip" affixed to the merchandise.
- Stickers must use an adhesive that will not damage the merchandise.

6.3 General Product Packaging Requirements

Close all buttons/zippers/hooks. Breakable products must be adequately packaged to prevent breakage during transit. Any merchandise received broken due to inadequate packaging will be deducted from the invoice.

6.4 STORE ONLY Packaging Requirements

For all brick and mortar store orders (all orders for stores except store 888), please package product as follows:

- Group like product by style and color in one master polybag. Do not use individual polybags on single skus.
- Polybags need to have perforated tears for easy removal.
- If product is to be hanging, the garment must be shipped on the hanger. Do not bundle hangers with cable, twine or rubberbands.
- Do not use pins, tape, clips, removable foam inserts on bottom hangers, excessive tissue or cardboard, or empty merchandise boxes as filler. There should be no excessive packing materials used.
- Alternate top and bottom placement in the carton to eliminate excess bulk, maximize cube, and prevent shifting.

6.5 ECOMMERCE ONLY Packing Requirements

Belk transmits eCommerce purchase orders with the designation of store 888. Store 888 orders will usually be transmitted as a standalone purchase order. All orders for eCommerce / store 888 must follow the eCommerce packaging and shipping requirements outlined below in 6.6.1 through 6.6.6.

6.5.1 eCommerce Individual Packaging

Merchandise must be individually packaged in a polybag or a box as an individual selling unit. All apparel merchandise should be flat folded in an individual polybag with no hangers. If the merchandise is a set, all pieces/components must fit into and be included in a single polybag.

The polybag must contain all components for the complete selling unit. Please see Appendix D for any exceptions to this rule.

Boxed Merchandise (ie Home, Bake wear, Toys, Luggage, etc.) :

- Boxed merchandise does not need to be polybagged. However, the box must contain all components for the individual selling unit within one box. Gift wrapped/ boxed items

(ex. candy) and boxes with openings (ex. slippers, toys, gadgets) must be placed in a polybag.

- Breakable merchandise such as cosmetics, fragrance, decorative home, tabletop, and electronics must be packaged to protect the merchandise when shipping to the consumer.

EAS tags, including both hard and soft tags, should not be used on any eCommerce merchandise. Hard tags should not be applied to any eCommerce purchase orders. While the use of soft tags is not preferred, (either attached to packaging or sewn into product), if tags are applied to eCommerce merchandise, tags must be deactivated prior to shipment.

6.5.2 eCommerce Single SKU Cartons

- If an eCommerce purchase order calls for 6 or more units of a SKU, the merchandise must be shipped in a single SKU carton containing only this SKU. If a purchase order calls for 5 units or less of a SKU, the merchandise should be consolidated in a carton containing other SKUs with 5 units or less of the same SKU. Do not overbag like SKUs together in a mixed SKU carton.
- Due to the small size of cosmetic and jewelry products, these two categories of product may be exempt from this requirement when doing so will cause the carton to not meet the minimum eCommerce carton sizes listed in section 7.2. Please be sure that mixed SKU cartons are minimized wherever possible.

6.5.3 eCommerce Reshippable Packaging

- Individual product dimensions in the packaging must not exceed 26” L x 16” W maximum. If length and width are used interchangeably, items must still measure within this 26” and 16” specification. 6.6 Fine Jewelry Ticketing & Packing Requirements

Fine Jewelry departments are as follows: 537, 538, 539, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 557, 558, 559.

- Vendors are to use Data 2 or the assigned Belk ticket supplier to provide Belk approved fine jewelry merchandise pricing tickets. Fine Jewelry merchandise tickets are to be blue in color. Please refer to the instructions sent from the buying team on where to place the merchandise tag on the product. The tag must be attached to the product.
- All Fine Jewelry orders should be shipped to the Belk Jonesville Fulfillment Center.
- Fine jewelry must be packaged to protect the product.
- Do not ship merchandise worth more than \$50,000 at cost to Belk in any single package / box. If the shipment is more than \$50,000 at cost, please split into multiple boxes as necessary so that no one box exceeds \$50,000.
- If a memo vendor has a signed contract between the vendor and Belk stating details other than those listed in this guide, the details of the contract between Belk and the vendor supersedes information listed in the Belk Vendor Business Requirements.

6.7 Gift with Purchase (GWP) Packing Requirements

- UPC codes must be assigned to all gift with purchase (GWP) and purchase with purchase (PWP) merchandise. These codes must be included in the vendor UPC catalog and on all EDI documents.
- All GWP / PWP merchandise must have a UPC ticket or sticker attached to the item.
- For eCommerce orders all GWP/ PWP merchandise must be in an individual polybag or box with a UPC barcoded sticker on the outside.

6.8 Lithium Battery Warning Label

All merchandise shipped to Belk with a lithium battery must have a warning label attached to the outside of the carton (see below). Without a warning label, vendor will incur chargeback.

6.9 Supplier Direct Fulfillment Packaging Requirements

Supplier Direct Fulfillment program orders should follow the SDF Vendor Participant policies available on the Belk website at www.Belk.com under Vendor Resources.

6.10 RFID

6.10.1 RFID Basic

Radio Frequency Identification (RFID) technology supports our OMNI operations to track and improve inventory accuracy. RFID is the wireless transfer of data to or from electronic tags that are attached to items of interest. RFID consists of 3 components namely, software, hardware and tags.

GS1 offers low-cost education and training on RFID enablement and its applications within retail. We urge you to reach out to GS1 to learn more about this technology if you are unfamiliar with RFID.

- GS1 Standards:
<https://www.gs1.org/standards/epc-rfid/guidelines>
- RFID training and education is also available on the GS1 US website at:

6.10.2 Belk Mandate

Beginning with all **National Brand August 2021 NDC orders** (all orders placed to arrive at Belk in August 2021 or later), Belk will require all units to be **shipped with either a RFID hangtag or RFID sticker**.

Ideally, tagging should occur at the point of manufacture, as this enables vendors to utilize and gain benefit from the technology throughout their supply chains.

- **RFID Tag Supplier**
 - We encourage you to work with a highly reputable RFID provider with a Service Bureau and/or directly with your tagging partner to migrate to RFID tickets. Belk is not mandating the supplier for RFID tags; however, your supplier must be able to meet both GS1 standards and the Auburn RFID specifications as outlined below.
 - If you do not have a RFID Tag Supplier, we recommend that you work with Avery Dennison for your RFID tag needs. Please contact Fabian Blanco at Avery Dennison for more information, fabian.blanco@averydennison.com.
- **RFID Tag Types**
 - Belk prefers for all RFID tags to be integrated into an existing Hang Tag, Sticker or packaging that carries Belk UPC code and Retail Price.
 - If you are unable to integrate your RFID tagging solution, you may use a supplemental or additional RFID hangtag or sticker on your product, as long as it follows all specifications and placement guidelines.
- **RFID Tag Specifications**
 - Belk follows the GS1 Standard for RFID encoding and inlays. Inlay specifications by merchandise category can be found in Example A. Your RFID tags must meet the Auburn RFID specifications as noted below by product category.
 - TBD product categories do not require RFID at this time.

6.10.3 RFID and EPC Tagging Guidelines

- Each item must be encoded with a unique serialized electronic product code (EPC) within the RFID tag.
- Include the EPC symbol or RFID logo on the ticket for visual identification of RFID. See Example B.
- EPC should be locked as read only so it cannot be re-encoded.
- Use the SGTIN-96 bit standard for encoding RFID tags.
- All tags must be GS1 UHF Gen 2 certified operating in the 860 MHz-960MHz frequency range.
- Ensure the tag looks correct and includes all proper information.
- All vendors should utilize the largest inlay possible to fit in an UPC ticket.
- Inlays cannot be present in the perforated side of a ticket.
- Inlays cannot be cut.

Example B

Acceptable RFID & EPC Symbols

In addition, Belk requires the following placement guidelines by category:

Hanging Apparel:

- Always default to Hangtag if a hangtag is used on the product for the Retail / UPC information.
- Stickers are approved for items without hangtags.
- Do not apply stickers directly to fabric, must be applied to an existing label or joker tag.
- Avoid covering any important information.

Packaged Apparel:

- Stickers are approved for packaged apparel, based on size of package use either small or large sticker.
- Apply on back and nearest the top of the box/package.

Footwear:

- Always default to a large sticker.
- Apply to the side of box next to the size, color, and style identification.
- Avoid covering of any important information.

Accessories:

- Use an integrated or supplemental hangtag if product carries a Brand or Retail / UPC hangtag.
- Approved for both small and large sticker on backer cards, however preference is to use large sticker if space allows.
- Apply to backer card or packaging. Avoid covering important information.

Soft Home:

- Always default to large sticker or Hangtag.
- Avoid covering important information.
- Test adherence to any packaging or materials with known adhesion challenges.

- Product packaged in a retail box or package should have the sticker applied on the back and nearest to the top of the box or package.
- If the product is open stock and has a hangtag, add a supplemental RFID hangtag on the same loop/attachment as the existing UPC/Retail hangtag if there is no integrated hangtag available for your product.
- If the product is open stock and has a sticker that has a UPC/Retail price add a supplemental RFID sticker adjacent to the UPC sticker. If the product will be displayed on a fixture at Belk, stickers placed on the back of the package should be affixed next to the top of the package

Hard Home:

- Always default to large sticker.
- Avoid covering important information.
- Test adherence to any packaging or materials with known adhesion challenges.
- Do not apply to metals.
- Product packaged in a retail box or package should have the sticker applied on the back and nearest to the top of the box or package.
- If the product is open stock and has a hangtag add a supplemental RFID hangtag on the same loop/attachment as the existing UPC/Retail hangtag.
- If the product is open stock and has a sticker that has a UPC/Retail price add a supplemental RFID sticker adjacent to the UPC sticker.
- For open stock cookwear and bakewear, if the product is made of metal it is exempt from RFID. If the product is NOT made of metal, please use a RFID sticker that meets Spec G.

Review tag placement options in alignment with the [GS1 Apparel and General Merchandise Placement Standards](#) (Section 4)

DO NOT COVER:

1. Barcodes.
2. Description fields such as style, color, size.
3. Validate that all stickers adhere securely to packaging.

****General rule for Packaged Apparel, Soft and Hard Home:** To avoid contact with fixtures/dividers in stores, and to improve RFID tag performance and readability, please place RFID stickers on the back of the package next to the top of the package. Avoid direct contact with metal/fixtures.

- **RFID Tag Placement Approval**
 - Before your first shipment of product with RFID tags, please send a photo of your RFID tag placement to Belk_Compliance@Belk.com for approval.
 - Please include product information (apparel, ceramic, metal, etc.) and packaging information if applicable (cardboard box, metal tin, VZB, etc.)
 - You can expect to receive feedback within 3 business days.
- **RFID Questions**
 - Please contact Belk Vendor Relations with any question you have concerning RFID by emailing Belk_Compliance@Belk.com.

Section Seven: Shipment Preparations

7.1 Carton Packing Requirements

All merchandise must be packed in conveyable cartons for shipment to Belk.

- Do not use plastic bags as the external shipping container. Do not use hanger packs (except Men's and Women's Suits and Sportscoats).
- Use a shipping carton that fits the merchandise. Merchandise should be packed 1/4 inch below the top of the carton and 1/8 inch from the sides of the carton. Cartons should be large enough to allow hangers to lie squarely in the carton.
- Each carton must contain merchandise for only one purchase order and only one store destination.
- Where possible, use biodegradable and recyclable packing materials.
- Cartons should be securely sealed with tape. Do not band cartons together nor use banding to secure cartons.
- Cartons should have a minimum strength of 32 ETC (edge test crush).
- All shipping cartons must be strong enough to withstand several further reshipments as individual cartons throughout the Belk supply chain.

7.2 Carton Dimensions

In order for cartons to efficiently move through Belk facilities, vendors must comply with the below dimensions and weight requirements. The below dimensions are what Belk considers as conveyable; any other sizes need to be pre-approved by the Belk Transportation Team. Note that the carton requirements are different for eCommerce / Store 888 orders.

ALL STORE ORDERS		
Dimension	Minimum	Maximum
Length	12"	36"
Width	12"	26"
Height	2"	30"
Weight	2 lbs	49 lbs

ALL ECOMMERCE ORDERS		
Dimension	Minimum	Maximum
Length	12"	30"
Width	9"	24"
Height	6"	18"
Weight	2 lbs	49 lbs

7.3 Carton Labels

All cartons shipped to Belk require a GS1-128 shipping carton label. The GS1-128 should be included in the ASN transmission and contain a human readable 20-digit code. Below is the format required.

FROM Good Time Supplier 1155 Battery St. San Francisco, CA 94111		TO BELK DIST. CENTER #737 120 BELK COURT BLYTHEWOOD, S.C. 29016	
SHIP TO POST (420) 29016 		CARRIER BEST FREIGHT PRO: 2895769860 B/L: 853930	
PO: 122639706 DEPT: 827 FOB: SHOES			
FOR (91) 0074 		MARK FOR: 0074	
SSCC-18 (00) 0 0052177 513895717 2 			

- The vendor is responsible for ensuring that the GS1-128 tickets are able to be scanned.
- Labels must be a minimum of 6 inches high and 4 inches wide.
- The SSCC-18 barcode should be at least 1.26" in height and 3.0" wide.
- Family of Business (FOB) categories are as follows: Women's, Men's, Shoes, Kids, Home, and Center Core. If unsure of the correct FOB, confirm with the Belk Buyer.
- Only store numbers should appear in the "MARK FOR" section of the carton label. Do not place the Distribution Center number or consolidation point numbers in this field.
- On the longest side of the carton, place the carton label in the lower right corner two (2) inches from the right side and bottom of the carton. Place the label on top of cartons under 4" in height. If the longest side of the carton is too short for the entire GS1-128 label to fit, put label on longest side and fold over the top of the carton.
- If merchandise is to be displayed on the sales floor in the carton in which it is packaged, the GS1-128 label should not interfere with or cover the product information contained on the carton.
- Each carton label must be affixed to the carton in such a manner to withstand the normal in-transit wear and tear.
- Vendors are to put a colored sticker, colored piece of tape, or colored marking on the top of all cartons. Stickers should be applied according to the color guidelines below by product category:
 - White - Accessories/Jewelry / Other Center Core
 - Red - Womens
 - Orange - Home
 - Yellow – Kids

- Green – Shoes
- Light Blue – Mens
- Purple - Intimates
- Black – Cosmetics and Fragrances

7.4 Material Restrictions

Do not use excessive packing materials inside the carton (cardboard, air pillows, inserts, foam pieces) and be environmentally conscious of how merchandise is packed.

- Packing peanuts are not allowed.
- Cardboard inserts are acceptable.
- Do not band the outside of the carton. No bands of straps of any kind are allowed.
- Shrink wrap around cartons is ok, but it cannot interfere with the GS1-128 label.

Section Eight: Shipping Standards

8.1 Ship Date Expectations

The purchase order provides a shipping window with a not before date and a not after / cancel date. Vendors are to ship all orders within the designated window. If vendor cannot ship within the designated ship window, then it is the vendor's responsibility to reach out to the Belk Buyer as appropriate for an extension on their purchase order shipping window, prior to shipping. Vendors will face a chargeback if the order is not shipped within the ship window on the purchase order. If a shipment is being temporarily held by a vendor past the cancel date, they must still request ship date extensions to avoid chargeback.

8.2 ASN Standards

Accurate ASN information should be transmitted at the time the shipment is picked up by the carrier. It is required that an ASN is sent at the shipment level, not the PO level.

- If a shipment is ready with a pickup date scheduled, the ASN data can be transmitted up to 7 days prior of the physical ship date.
- The ship date in the ASN should be the scheduled pickup date, not the date the ASN data is transmitted.
- For collect shipments the ASN must use the Transplace ME# as the BOL#.
- If the ASN is not available to the DC at the time the shipment reaches the facility, the vendor is subject to a "Late ASN" chargeback.
- If the ASN is not available to the DC by the time the shipment is processed, then the vendor will receive a "Missing ASN" chargeback.
- The ship date for all Belk documentation and compliance will be the ship date on the ASN, regardless of the physical/actual ship date.
- If an ASN requires a correction, the file must be resent as an original (BSN01 = 00) and the document ID must stay the same (BSN02 = ASN#), just use a new ISA control#, and the new transmission will overwrite the previous version in our system. Never reuse an ASN# (BSN02) for different shipments, as the system will process the file as a revision and overwrite the previous received data.

- Please reference the [EDI document](#) on Belk.com under Vendor Resources.

8.3 Ship One Time Per Purchase Order

All purchase orders are to be shipped with no more than one shipment made against a specific purchase order per destination DC. The purchase order is expected to be shipped in one shipment.

8.4 Shipment of Hazardous Materials

Vendors must reach out to Belk_Logistics@Transplace.com to alert the Belk Transportation department that a shipment with hazardous materials is on the way. Vendors are expected to know and follow industry standards for shipping hazardous materials.

8.5 Port of Entry Shipments

Belk does not currently support any Port of Entry Shipments. The vendor must be prepared to ship prepaid all the way to the proper DC. The vendor would be responsible for landing the container, clearing customs, draying, and transporting the container to the proper Belk DC for unloading. The vendor must bear all risks associated with the container, including delay, loss, damage, and demurrage.

8.6 Bill of Lading (BOL) Requirements Collect Shipments:

Use of Transplace BOL is mandatory.

Please contact Belk_compliance@belk.com if exception is needed.

A complete and accurate BOL is required at the time of carrier pickup. Signatures, trailer # and seal # must be present.

Please avoid handwritten modifications to POs on BOL. Any shipment changes (PO additions, weight/cube/carton or pallet count adjustments) should be made in TMS prior to shipping so an updated BOL can be downloaded from TMS and provided to the carrier at pickup.

Prepaid Shipments:

All Bills of Lading must include the following information: total carton count per PO, total weight, BOL Number, NMFC item number and applicable class. For LTL shipments pallet count should also be noted on BOL. Vendors do not need to route through Transplace Transportation Management System.

- BOLs must have the following information at the time of loading: appointment time, driver time in, driver time out and driver/vendor signature.
- The BOL number presented with the physical shipment must be the exact BOL number reflected in all EDI documents.
- A BOL must accompany all shipments to include the supplemental pages and must contain a list of all valid purchase order numbers within the shipment. If any shipment arrives at a Belk facility without the BOL and without a complete list of all purchase order numbers and the respective carton quantity for each within the shipment, Belk will request from the vendor a copy of the BOL to include all supplemental pages with purchase order numbers.
- Prepaid shipments do not need to be routed in Belk's TMS. If a live unload appointment is needed, please reach out to DC contacts below and provide carton count, PO # and delivery date/time. ASN must be present upon arrival.
- Blythewood - 737ApptRequests@belk.com
- Jackson - 744ApptRequests@belk.com

Direct to store:

Shipments sent directly to a Belk store are not permitted unless approved in writing by Belk Buyer.

Section Nine: Routing Guide

9.1 Transportation Management System (TMS) and Vendor Set Up

Vendor merchandise shipments must be routed to Belk distribution facilities through Transplace's online TMS portal. Collect vendors who require access to TMS or need to have an additional ship location added, should contact Belk_Logistics@Transplace.com for set up.

A URL address and login ID will be provided to access the following TMS portals:

- **Transplace Order Management System (OMS):** to check PO status, route POs
- **Transplace External Shipment Monitoring portal:** to view load status/carrier assignment, download BOL and update select shipment quantities

9.2 Routing Requirements

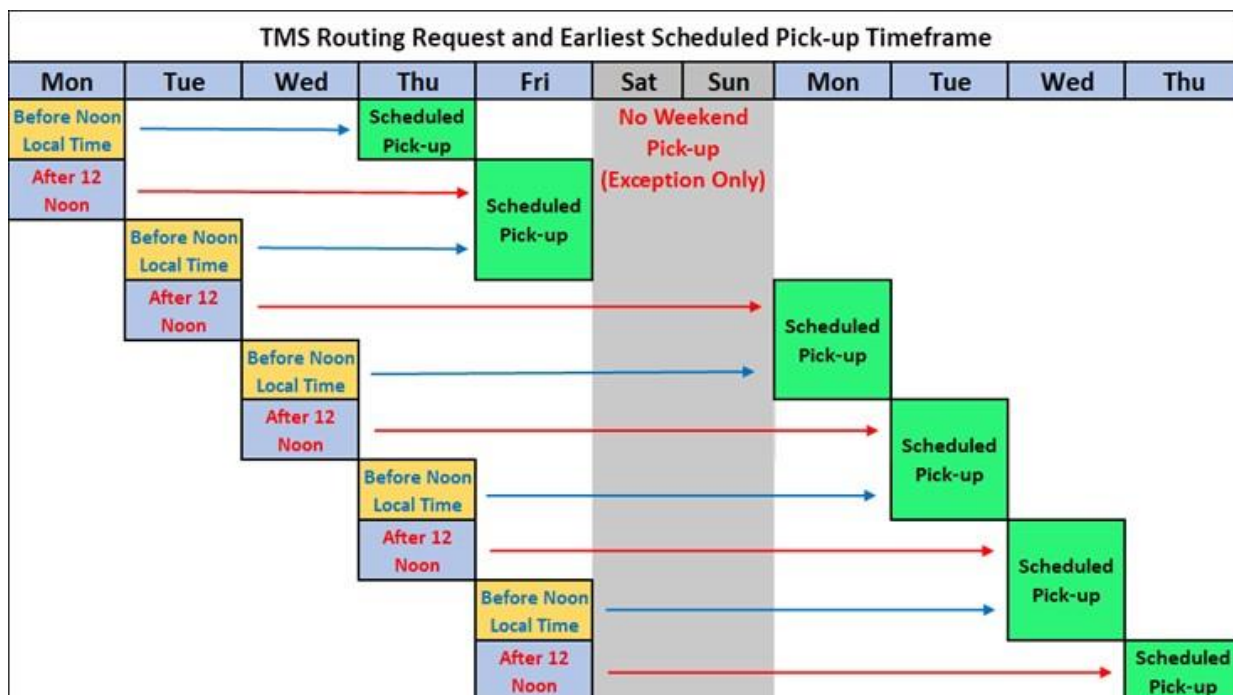

All collect POs must be routed through TMS and assigned a Transplace Load# and carrier before vendor can ship. Any unauthorized shipments are subject to chargeback.

Routing Timeline:

Routing requests must be submitted no less than three business days prior to the expected ship date. All requests submitted after 12pm local time will be considered received the next business day. For example:

- If shipment has an expected ship date of Monday, TMS entry must be submitted no later than 12pm local time on the Wednesday beforehand.
- If shipment has an expected ship date of Thursday, TMS entry must be submitted no later than 12pm local time on the Monday beforehand.

The below chart outlines the proper timeline for submitting your routing request:

Routing Request standards:

- Vendors must provide accurate carton count, unit count, cube and weight for each PO when routing. Cube/weight estimates should be based on the floor loaded product.
- Routing request should not exceed truckload quantity (3500 cube and 43,000 lbs).
- If PO will exceed 1 truckload, vendor should create an additional routing requests for the balance of the PO.
- The following can be used for calculating cubic feet: Multiply length by width by height and divide the total number by 1,728 (total cubic inches per cubic foot).
- Any POs that will be shipping to the same DC within the same ship window should be consolidated into truckload quantities when routing. Please reference the [Vendor Quick-Step Routing Guide](#) for additional instruction on multi-PO release.
- Requested pickup dates must be on normal business days – Monday through Friday and must be within the PO ship window. Ready date should be at least 1 day prior to cancel date.

9.3 Shipment Changes

- Vendors will have access to update the following fields in the External shipment monitoring portal: unit quantity, handling unit, weight, and cube.
- Adjustments to packaging unit (carton count) can be made in the Transplace OMS portal.
- Any shipment adjustments that will result in a mode change will need to be emailed to Belk_Logistics@Transplace.com.
- Vendors cannot make any changes to 'Earliest Time', 'Latest Time' or 'Pick up Address' after PO release. Vendor should contact Belk_Logistics@transplace.com if adjustments are needed.
- Transplace will review any changes that result in an 'error' status.
- Any POs to be added to an existing shipment will need to be entered as a new release. Vendor can request that the PO be added to a specific shipment by including the Transplace BOL#/ Load # in the comment section when releasing new PO.
- If overflow occurs when loading, please reach out to belk_logistics@transplace.com so shipment can be adjusted to reflect POs and quantities that were loaded. Any overflow will need to be re-routed and assigned a new Load #.

Shipping/Carrier Assignment

- Carrier assignment and load status can be viewed in the 'External Shipment Monitoring' portal.
- Vendors are only permitted to ship with an assigned carrier if the load is in 'tender accept' status.
- Routing instructions should not be considered if your load is in an un-planned status of 'pending', 'assigned', 'tendered', or 'tender reject'.
- Loads that are shipped with an unauthorized carrier will be subject to chargeback.
- It is the vendor's responsibility to schedule a pickup appointment with Belk's assigned carrier immediately. Any problems with carrier pick up should be reported to Belk_Logistics@Transplace.com.
- If freight will not be ready on the scheduled pick-up date, vendor will be responsible for reaching out to Belk's assigned carrier to reschedule pick-up. Please note, carrier must be notified at least 24 hrs prior to scheduled pick date or fee may apply.
- If the assigned carrier schedules a pick up date outside of PO ship window, please notify Belk_Logistics@transplace.com, Belk_compliance@belk.com and buyer.

- Chargebacks will apply for any cartons that are shipped to the wrong distribution center. Please refer to the store to DC mapping guide.

Parcel Shipments

FedEx Ground shipments must be shipped using the “FedEx Collect” program. FedEx Collect is a payment method provided to a FedEx customer in which the consignee has agreed to pay all of the shipping charges associated with a specific shipment. Vendors must ship the package using vendor’s FedEx account number and then the charge will be reversed to Belk upon receipt of the carton. In addition, the reference field of every carton must contain the Transplace BOL #/ Load # supplied to you by the Transportation Management System. Omission of the Transplace BOL # will result in a chargeback.

LTL Shipments

- Belk policy requires the use of pallets for LTL shipments only (see requirements below).
- For shipments assigned to LTL mode types (including consolidation), vendor must update their pallet count and pallet weight via TMS ‘Shipment monitoring portal’. This must be updated 24 hours prior to pick up date. Failure to add pallet count in TMS will result in chargeback.
- The vendor is still held to the Shipper Load and Count (SLC) standards and will be responsible for shortages on pallets noted with carton count Said to Contain (STC) in a shrink-wrapped pallet. This policy applies to all modes of transport.

Truckload & Intermodal Shipments

- Belk policy prohibits the use of pallets for truckload and intermodal shipments unless prior written authorization is given by belk_logistics@transplace.com for each shipment
- If pallet approval is obtained, vendor should route POs in TMS including pallet weight.
- The vendor is still held to the Shipper Load and Count (SLC) standards and will be responsible for shortages on pallets noted with carton count Said to Contain (STC) in a shrink-wrapped pallet. This policy applies to all modes of transport.

Pallet Requirements

- Use 48”x 40” or 48” x42” pallets
- Must ship on 4-way access wooden pallets
- Must ship on grade B or higher pallets

Build Pallets

- No overhang permitted
- Avoid creating pallets over 5' and under 8'. Vendor can create pallets at 8' if it is packaged safely for transportation.
- Best practice is to create pallets less than 5' in height and to create two 48" pallets and double stack them
- Product should be double stacked unless merchandise is breakable. Vendor is responsible for any damages due to palletization
- A single DC destination per pallet
- Pallets must be stretch wrapped

Pallet Label Requirements

- Each pallet must be labeled containing
 - DC location
 - x of x total pallets (per DC)

9.4 Transportation Vendor Expense Sharing

To maintain competitive freight costs, Belk requires all vendors to ship to Belk distribution centers from the nearest vendor distribution point. Due to higher freight costs of shipping across the country, vendors shipping from west of the Mississippi river or outside of the 48 contiguous states will share half of the total freight expense.

In addition, Belk utilizes a freight consolidator to minimize freight costs. Belk encourages all vendors to consolidate shipments as much as possible from the origination point. If, however the vendor's shipment is routed through a consolidator (CA and areas surrounding NJ), vendor will be charged the smaller consolidation cost while Belk will cover the higher full freight cost from the consolidation point to Belk's distribution centers.

Both of these expense sharing charges will be listed on the payment remittance as a freight chargeback deduction.

Section Ten: Returns to Vendor

10.1 Damaged Merchandise

Damage allowances will be taken off invoice per the vendor's agreement with the Belk merchandising team. If there is not a damage allowance as part of the vendor agreement, then damaged merchandise will be returned to the vendor and freight charges will be assessed.

10.2 Defective Merchandise

Merchandise that is deemed to be sub-standard and / or not according to the product specification agreed upon with the Buyer will be returned to the vendor and inbound and outbound freight charges along with a chargeback will be assessed.

10.3 Unsold Merchandise

Seasonal and stock adjustment returns will be determined by the Belk merchandising team and negotiated with the vendor on an as needed basis.

10.4 Returns to Vendors

Belk does not consolidate returns to vendors. All returns will be shipped via Fed Ex, as they are received at the DC from store locations. Vendor pick up and company account numbers for Fed Ex or UPS are not allowed.

Section Eleven: Accounts Payable

11.1 Invoices

Invoices should be submitted via the EDI 810 document. The Belk EDI 810 invoice must be consolidated by Belk Distribution Centers, one invoice per DC location per purchase order.

- If not already certified for EDI invoicing, do not begin transmitting the EDI 810 document until the testing process is complete.
- Invoices must include the vendor UPC number. If the purchase order is for a pre-pack, then the pre-pack UPC should be on the invoice, not the component UPCs.
- Original invoices should be transmitted by EDI. Do not send copies, screen prints, or duplicate invoices unless requested. Do not send order confirmations, packing slips, or BOL to the Belk A/P center.
- The Belk A/P Center does not pay freight charges listed on merchandise invoices. For collect shipments, freight charges placed on the merchandise invoice will be charged back in total, along with expense offsets.

11.2 Terms and Conditions of Payment

Vendors will be paid according to the terms agreed upon with the Belk merchandising team.

- For payment terms of End Of Month (EOM), goods shipped or invoiced on or after the 25th of the month are not considered due until the 10th of the following month (e.g., an invoice with terms of 8/10 EOM for goods which were invoiced/received on March 25, 2017 would have a payment due date of May 10, 2017). In addition, Belk selects the most beneficial payment terms based on the terms contained on the master file, on the purchase order, or on the vendor's invoice.
- Memo vendors should not send Belk merchandise invoices for Memo merchandise. One week after each fiscal month, the memo vendor will receive a sales report from Belk accounts payable showing by SKU all memo merchandise sold, net returns, for the period covered in the report. Memo vendors are paid weekly based on the negotiated terms with the Belk Buyer.
- Vendors will be paid according to the terms agreed upon with the Belk merchandising team. However, all vendor obligations (including, without limitation, vendor allowances and chargebacks) (collectively, "Vendor Obligations") earned and due to Belk will be processed against vendor invoices within the same fiscal quarter. If Belk is unable to recover the Vendor Obligation within the fiscal quarter earned against vendor invoices, vendor reimbursement to Belk will be required to resolve the situation within 30 days of end of the fiscal quarter in which the Vendor Obligation is earned. This policy applies to all vendor obligations negotiated between the Belk merchandising team and the Vendor and supersedes any other verbal agreements on when Vendor Obligations will be processed against invoices.

11.3 Accounts Payable Vendor Web Portal

The Belk vendor portal can be found at <https://vendorportal.belk.com/VendorPortal/>. The vendor web portal should be used as the primary source to answer all chargeback and payment inquiries. The portal will provide important vendor information including check information, details of current trial balance, the status of an invoice, vendor adjustments, return packing slips along with tracking information, and all chargeback deductions. The portal requires a 12-digit account number to log in, please contact VCG@Belk.com to be set up for access.

Section Twelve: Vendor Chargebacks

Please review the contact information by reason code in the Reason Code List located in the Vendor Portal:

<https://staging-web-belk.demandware.net/s/Belk/customer-service/about-us/vendor-resources/>

Appendix A: Terms and Conditions of Purchase Order

The following terms and conditions apply to all purchase orders issued by Belk for products ordered from any supplier (each, a "Purchase Order"). Belk is referred to below as "Purchaser" and supplier is referred to as "Vendor."

1. Vendor agrees that it will not ship merchandise under this Purchase Order earlier than the "Ship" date no later than the "Cancel" date hereof. Purchaser reserves the right to refuse (including at the carriers' facilities) or return any merchandise that is shipped prior to the "Ship" date or after the "Cancel" date or that is substituted, over-shipped, or not ordered hereby. Purchaser assumes no risk or expense on any merchandise refused or returned for nonconformance with the terms and conditions of this Purchase Order. All refusals or merchandise returns for nonconformance will be subject to a deduction on remittances of all applicable freight charges plus an expense offset charge as indicated on the Belk chargeback table or in the Belk National Brand Vendor Business Requirements. If Purchaser elects to keep shipments shipped prior to the "Ship" date, terms will be computed from the "Ship" date shown here on. If Purchaser elects to keep shipments shipped after the "Cancel" date, terms will be computed from the actual date of the shipment, Purchase Order "Ship" date or date of invoice, whichever is later; and the foregoing expense offset charge as indicated on the Belk chargeback table or in the Belk National Brand Vendor Business Requirements.
2. Purchaser must be notified in writing within 5 days of Purchase Order issuance if this Purchase Order is not accepted, including all terms and conditions as stated therein.
3. Purchaser reserves the right, without penalty, to cancel any purchase order, in whole or in part, in the event that Purchaser's use of the merchandise is prevented, hindered, or delayed by or during the period of a force majeure event or circumstance outside of Purchaser's control, including without limitation any fire, flood, earthquake, epidemic, pandemic (including, but not limited to, COVID-19 and any voluntary or mandated mitigation measures with respect thereto), government action, riot, strike, war and/or other force majeure event.
4. It is understood that Purchaser shall have a reasonable time and opportunity to examine the merchandise included in this Purchase Order when received in its store, whether or not its agents have previously examined said merchandise, and, if it shall then be ascertained that said merchandise or any part thereof is not in conformity with this Purchase Order or is not as represented or warranted by Vendor, is inferior in workmanship or quality or is otherwise defective, or is delivered in a damaged condition (other than damaged in transit), Purchaser shall have the right to rescind this contract and return all or any part of the merchandise to Vendor at Vendor's expense, plus a charge as indicated on the Belk chargeback table or in the Belk National Brand Vendor Business Requirements, if said conditions are determined during the receiving process. If said conditions are discovered at any time after the receiving process has been completed, the merchandise may be returned at Vendor's expense. The right to rescind given hereunder shall not be construed as a limitation on the right to rescind or other rights given by common law or statute. As used herein, the term "Vendor's expense" shall mean inbound and outbound freight costs plus the cost of any transit insurance associated therewith.

5. Vendor shall be responsible for including all applicable sales, use or excise taxes in its purchase price. In the event a statutory exemption applies, Belk shall be responsible for providing a valid exemption certificate to the vendor.
6. By acceptance of this Purchase Order, Vendor agrees to:
 - A. Deliver all merchandise in accordance with this Purchase Order at the prices stated herein or at such lower prices and at any better terms and discounts as may be prevailing at the time of shipment.
 - B. Guarantee that all merchandise ordered has been priced, stamped, labeled, tagged, marked, invoiced, and delivered in full compliance with (i) all applicable international, federal, state, and local government (and all departments, boards, bureaus and commissions thereof) laws, rules, standards, orders, rulings, rules, guides and regulations, including, but not limited to the Federal Trade Commission Act, the Consumer Product Safety Act, the Transportation Recall Enhancement, Accountability, and Documentation Act, the Textile Fiber Products Identification Act and regulations relating to statement of fiber content of rayon, wool, linens, and other textiles contained in such merchandise, the Wool Products Labeling Act, the Care Labeling Rule, the Fair Packaging and Labeling Act, the Magnusson-Moss Warranty Act, the Federal Hazardous Substances Act, the Poison Prevention Packaging Act, the Radiation Control for Health and Safety Act, the Food, Drug and Cosmetics Act, California Proposition 65, and the Fur Products Labeling Act, and (ii) the laws, regulations and rules of all countries in which merchandise is produced or delivered. Vendor shall provide to Belk any information that is required to be displayed in order to comply with laws applicable to eCommerce sales of the merchandise [including but not limited to any California Proposition 65 warnings].
 - C. Guarantee that all merchandise ordered hereunder has been or will be manufactured, compounded, or produced in full compliance with (i) all applicable international, federal, state, and local government labor laws, rules, and regulations, specifically including, without limitation, all applicable minimum wage, overtime, and child labor laws, rules, and regulations, and (ii) the Code of Conduct.
 - D. Warrant to Purchaser and its customers that such merchandise is free from defects of workmanship and material and is fit for normal use by the consumer.
 - E. Defend, indemnify and hold Purchaser harmless from and against all claims, damages, losses, liabilities, and expenses (including reasonable attorneys' fees) on account of:

 - (6) Any gross negligence, willful misconduct, fraud, or violation of law by Vendor or any of its suppliers.
 - (7) Any unfair competition.
 - (8) Any unfair or deceptive trade practices in connection with the merchandise and/or the product content furnished by Vendor to Belk.
 - (9) Personal injuries or other damages sustained by any person from the use or misuse of the merchandise.
 - (10) Any claim of strict liability, negligence, recklessness or willful misconduct on the part of Vendor and/or relating to the merchandise.
- 7. Purchaser reserves the right to take immediate credit for all goods that are to be returned to Vendor because they do not meet the requirements of this Purchase Order.
 - 8. Purchaser reserves the right to dispose of Vendor's goods at Purchaser's option, in such manner as Purchaser deems appropriate, if any return authorization is not received by Purchaser from Vendor within 30 days of original request.
 - 9. No assignment or other transfer of this Purchase Order, by Vendor, to any third party, will operate to create any liability by Purchaser hereunder to any such third party without the prior written consent of Purchaser to such assignment or transfer; provided, however, that nothing hereinabove contained shall be deemed to prohibit the Vendor's subcontracting, to one or more third parties, the production of part or all of the merchandise ordered hereunder.
 - 10. If any provision of this Purchase Order, specifically including any provision contained in the following Billing and Shipping Instructions, shall be construed or held to be invalid or unenforceable by any court of governmental body or agency having jurisdiction thereof, then this Purchase Order will be interpreted as though such provision had been omitted, and the

validity and enforceability of the remaining provisions hereof will be valid, enforceable, and unaffected thereby.

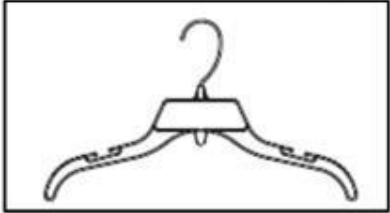

11. No modification of or addition to these terms and condition shall be effected by any course of dealing or usage of trade, or acceptance or acknowledgement by Vendor of any Purchase Order or other form submitted by Vendor containing additional or different terms or conditions. Purchaser and Vendor may only modify these terms and conditions by a clear and conspicuous written amendment or agreement signed by both parties that expressly states the intent of the parties to modify these terms and conditions.
12. This agreement shall be controlled, construed, and enforced in accordance with the laws of the State of North Carolina. Purchaser and Vendor hereby consent to the jurisdiction of the federal and state courts in Mecklenburg County, North Carolina, in connection with any dispute between the parties hereto and each waives any objection based on improper or inconvenient venue.
